Better, faster communication

Look no further than the *Journal of Environmental Monitoring* for urgent publication of your cutting-edge research on all aspects of environmental science in the natural and anthropogenic environment.

Journal of Environmental Monitoring communications report high impact, preliminary results of current and immediate interest. Communications are fast-tracked through the publication process, given a high profile in the journal and widely promoted.

Featured on the cover is a recent communication on the rapid detection of contaminants in potable water.

Adrian J. Charlton *et al.*, *J. Environ. Monit.*, 2006, **8**, 1106
